

DEDICATED TO EDUCATING THE PUBLIC ABOUT

NEW JERSEY LAW, the New Jersey State Bar Foundation provides a wide variety of free, law-related education services to the public and school community. Our seminars, publications, and Video Loan Library offer information on many legal topics, and our Speakers Bureau fills requests for attorneys to speak to school and community groups.

The Foundation also sponsors school-based initiatives, such as our conflict resolution, peer mediation and character education training programs for educators, and mock trial programs for students in kindergarten through high school. As part of our violence-prevention initiative, the Foundation also offers teasing and bullying training, where teachers and administrators are educated about the myths and facts of bullying, and about developing a school-wide approach to combat the problem. Our legal newspaper for kids, *The Legal Eagle*, which is geared toward children in grades five through eight, is distributed in more than 2,600 schools across the state; and *Respect*, a newsletter that focuses on tolerance and diversity, is distributed in more than 1,800 schools.

For more information about the Foundation or to order any of our publications, visit our website at njsbf.org or call 1-800-FREE-LAW.

Community Health Law Project is a non-profit, legal aid society founded in 1976 and dedicated to serving the legal needs of persons with disabilities throughout New Jersey. For more information contact:
